

A Purebred cow sale made for the Commercial Rancher

Welcome to the Proven Producers Cow Sale. This herd and set of cows are responsible for the \$3500 bull sale average the past five years. Its a great opportunity to buy a proven set of cows from the Peak Dot cow herd. In an effort to make the cow sale more appealing to the commercial man, cows will sell as commercials in groups of 5. If you wish to register a cow there will be a \$300 charge for the registration. Also keeping in tune with most commercial operations the cows have been calving on grass the past few years. Calving dates are from April 1 to May 30. Many of the cows selling are the mothers of the bulls produced for this sale. A feature for this sale is an excellent set of SAV 004 Predominant 4438 daughters sell as well as daughters of Peak dot herd sire legends Prime Cut and Hobson. Many past embryo donors will also sell. Cows are bred to the top Peak Dot Herd sires SAV Iron Mountain 8066, SAV Eliminator 9105, SAV Bulletin 7904, Peak Dot Bold 204U, Peak Dot Predominant 42U. These cows truly are just one calf or a few months away from paying for themselves.

Although it may seem hard to part with these productive foundation females, or what my grandpa would call the factory, the factory has rapidly grown in other areas the past few years with our embryo program and expanding fall calving cowherd. In 2010 Peak Dot will have registered close to 1000 calves and looks forward to being a major seedstock producer for many years to come.

We invite you to stop in for a visit and a tour. Cows will be available for viewing at the ranch any time prior to December 8.

Sincerely,
Clay and Carson Moneo

PROVEN PRODUCERS COW SALE

Wednesday, Dec.8, 2010

Heartland Livestock, Swift Current SK

Sale Time 1:00

Selling 200 Cows

Cows will be available for viewing at the ranch any time prior to December 8.
