DAWN OF A NEW ERA

Baldolia of Peak Dot

The immense female daughter has made the star animal in Canada. She demands both along line of highly accomplished, fertile Baldolia dams. An ultimate self feeder that not produce herself every time by foraging on the first service and using a big heavy calf. She would a genuine winning sire of 100 lbs for use in calves and a 4-point, prime producer. (Source: Tony Carter and Carl Hunter)

Baldolia of Peak Dot 9026, Top selling female Peak Dot Bull 1011 in US. Sold to Bill Lane and Mike Collins. Baldolia selected by Star and Ted as a main Ang cow. The bull calves had business and volume with high priced annual carcasses will average at an early age. We daughter looked like very broadly female and could walk like any other Ang.
