Peak Dot Ranch Ltd.

**ANNUAL BLACK ANGUS
BULL AND FEMALE SALE**

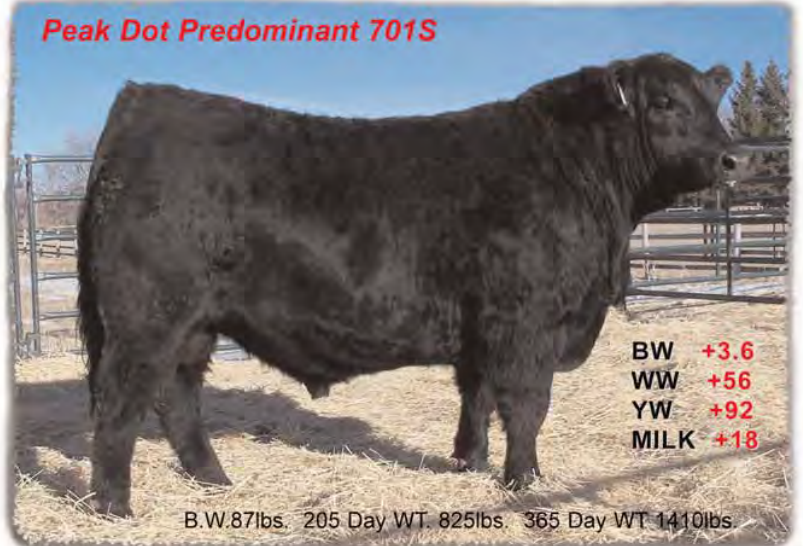

Wednesday, April 2, 2008

At the Ranch, Wood Mountain, Saskatchewan

**140 Fancy Registered Yearling Heifers
140 Black Angus Bulls**

Headlining this years sale will be the largest most impressive group of progeny to ever sell from the powerful and popular SAV 004 Predominant 4438. Predominant is a high feed efficiency sire whose progeny excel in thickness, muscle, volume and dimension. The highly anticipated first calf crop of new Peak Dot Herd sires SAV Capacity 5234 and SAV Autograph 5204 will be available on April 2, 2008. The sale will feature bulls produced from our embryo program as well as bulls and females produced from our fall calving program.

Peak Dot Predominant 92S will be a major player at Peak Dot Ranch to assist in breeding naturally thick, deep-ribbed, easy fleshing that are easy to look at. An attractive herd sire with a wide back and low center of gravity. He earned an adjusted 205 day weight of 805lbs and a weaning index of 106. His dam Mia of Peak Dot 511k is an elite dam who has a weaning index of 107 on her last three calves. His maternal sister was one of the top selling heifers in the 2006 sale. This sale will feature a maternal brother Peak Dot Hobson 66T, considered to be the best Hobson son ever at Peak Dot.

If you really want the influence of a great cow, the fastest and most efficient way is through her son.

SAV EMBLYNETTE 1182

The productive dam of SAV 004 Predominant 4438 who records a weaning ratio of 113 on three calves and owns the eighth highest weaning EPD among all current dams of the angus breed.

SAV 004 PREDOMINANT 4438

Early indications are that SAV 004 Predominant 4438 will be the cow-maker son of Traveler 004. His daughters are exceptionally deep and broody with the productive look of his Emblynette maternal lineage.

SAV EMBLYNETTE 4171

The powerful full sister to SAV 004 Predominant 4438 and one of the most cherished embryo donors at SAV. The productive and prolific Emblynette family has been developed and refined over the course of the last 60 years at Schaffs Angus Valley. This family has consistently generated superior females in terms of fertility, longevity and maternal value, while producing high performance herdsires for leading commercial and registered cattlemen.
