

Peak Dot  Ranch Ltd.

ANNUAL BLACK ANGUS BULL AND FEMALE SALE

Wednesday, April 2, 2008

At The Ranch, Wood Mountain, Saskatchewan

Welcome to Peak Dot Ranch...

The Moneo Family

Terry and Barbara

Carson, Lana, Koen and Riley

Clay, Shannon, Matt, Madison and Merit

Scott, Mia and Luke Turner

Welcome to the 2008 spring sale.

We would like to thank our customers and friends who have supported us and made our progress possible.

Heading this years sale will be the largest most impressive group of progeny to ever sell from the powerful and popular SAV 004 Predominant 4438. Predominant is a high feed efficiency sire whose progeny excel in thickness, muscle, volume and dimension. The highly anticipated first calf crop of new Peak Dot Herd sire SAV 004 Capacity 5234 will be available on April 2. For those looking to purchase top quality heifer bulls, there is a real outstanding pen of bulls by SAV Autograph 5204. Autograph is the new \$30000 premier calving ease sire at Peak Dot. The level of quality throughout the bulls is higher than ever with more fall born bulls being offered, plus we have included bulls produced from our embryo program.

Along with a strong offering of spring heifers, a special segment to this years sale will be the fall heifers. These are females with a little more age and maturity. We have kept them open for spring breeding. This is a program we started a few years back with great success. You easily get and extra 100lbs on the fall heifers calves at weaning, and they maintain themselves very well.

Come early and view the cattle and be our guests and enjoy a beef barbeque with refreshments.

Sincerely,
The Peak Dot Crew

PEAK DOT RANCH HERD SIRES...

At Peak Dot Ranch a lot of effort, time, miles and money have been put into finding Herd Bulls. Our goal has always been to build a cow herd that will produce a uniform set of bulls. The way we went about it was to find and buy bulls off the best cows in the angus breed that are the top sons of a consistently breeding herdsire. We avoided falling in the trap of breeding our top cows to some champion bull or highly promoted AI sire, but instead the bulls we introduced to the herd got a cross section of our cows. This enabled us to come up with large groups of replacement females out of each bull. With an extensive AI program and one of the largest embryo programs in Canada this process has been greatly accelerated. Let me relate some history about the major sires currently serving at Peak Dot.

SAV Predominant 4438 calf picture in the 2005 SAV sale book led us down to St Anthony N.D. There we discovered the strongest sire group of calves by 004 we had ever seen. With the border still closed to import cattle and 004 semen not available in Canada, we made the decision to buy SAV 004 Predominant 4438 for \$15000. For us he was a easy first pick out of the 300 plus bulls at SAV. Predominant went on to be one of the top selling semen sires in Canada that year easily paying for himself. The following year we returned to Schaffs again and purchased two more 004 sons, SAV 004 Capacity 5234 for \$20000 and SAV Autograph 5204 for \$30000 along with Ring Creek as a partner.

Peak Dot Predominant 92S is a top performing son of SAV 004 Predominant 4438 and will be a major player at Peak Dot Ranch to assist in breeding naturally thick, deep - ribbed, easy fleshing cattle that are easy to look at. An attractive herd sire with a wide back and low center of gravity. He earned an adjusted 205 day weight of 805lbs and a weaning index of 106. His dam Mia of Peak Dot 511K is an elite dam who has a weaning index of 107 on her last three calves. His maternal sister was one of the top selling heifers in the 2006 sale.

Mohnen Dynamite 1356 we found down at White Lake, SD. The Mohnen cow herd consist of a large number of females which came from the legendary Bon View herd dispersal. Dynamite had it all; popular pedigree, performance and out of one of the most famous cows in the angus breed. On a stormy day in the Platte Livestock yards we sat prepared to steal this bull for a little amount of money. Dynamite sold that afternoon for \$39,000. So much for that plan. Dynamite became very popular not only in Canada and the United States but around the globe. To aid in the semen sales the decision to lease Dynamite to Genex was made. Dynamites first progeny will be featured in next years sale.

Stevenson Bruno 6371 now known as Hobson was the lot 1 and high selling bull for \$15000 out of the Stevenson-Basin 2001 sale to Peak Dot Ranch. He was the second highest actual weaning weight calf at Stevenson-Basin Ranch. Hobson became the cornerstone sire of our program- his progeny have been highly sought after and have been the top selling sire groups the past few years at Peak Dot.

In 1999 we sold several loads of hay down to Stevenson-Basin Ranch at Lewistown, MT. This gave us an opportunity to sort through the nearly 900 bulls they had for sale that year. Each time we went through the never ending pens of bulls Basin Prime Cut 354K caught our eye. Prime Cut 354K went on to be one of the greatest calving ease sires in the breed. He became the number one seller of commercial semen at Peak Dot, mainly because large commercial outfits liked to AI their first heifers to a proven calving ease sire.

Old Post was discovered later in life at the Cactus Ranch in Medicine Hat, AB. Stan Lapp owner of the Cactus Ranch had been using the bull naturally on his commercial cows. The bull was one of the most gorgeous mature angus bulls around. After a tour of Stan's cow herd and some of Old Post progeny, a lengthy discussion was held and a deal was struck.

Old Post is an exciting outcross pedigree to the angus gene pool, and along with our new partners, Remington Cattle Company, we look forward to developing and promoting this sire's progeny who will have a huge impact on the entire angus industry in the years to come.

SAV EMBLYNETTE 1182

The productive dam of SAV 004 Predominant 4438 who records a weaning ratio of 113 on three calves and owns the eighth highest weaning EPD among all current dams of the angus breed.

SAV Predominant 4438 is the powerful and popular sire at Accelerated Genetics AI Stud whose progeny have been topping sales across North America. He was selected by Peak Dot as the featured lot 2 bull in the 2005 SAV Sale where he earned an IMF ratio of 119.

Predominant sons are appreciated for their added thickness, volume, dimension, feed efficiency and they display unusual masculinity and maturity at an early age. His daughters are beautiful, broody females with extra depth and capacity exemplified by his Emblynette maternal lineage.

SAV EMBLYNETTE 4171

The powerful full sister to SAV 004 Predominant 4438 from the SAV embryo program..

Peak Dot Ranch Heifers...

If it is your game plan to start in the purebred business and you have already bought some good heifers in earlier Peak Dot Sales, get in on this group and build up your herd. We've learned long ago that to build a cow herd you need a solid base of the same genetics, so here is an opportunity to tap into decades of selection. These yearling heifers represent the freshest genetics at Peak Dot Ranch with many brood cow candidates and several show and donor prospects included. All females are raised on grass without creep and mothers milk alone, functionally developed to maximize longevity, milk production, and long range earning potential.

Peak Dot Ranch Heifers...

LADY OF PEAK DOT 731T - Lot 49

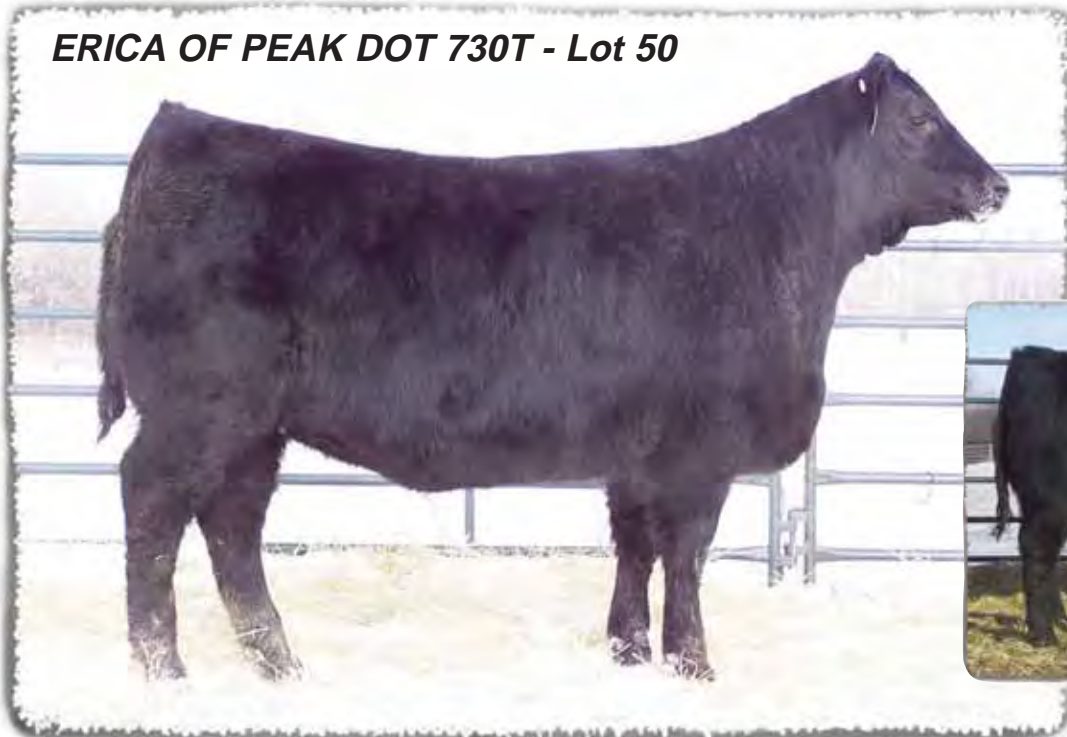

One of the top heifers in this years sale offering. She posted strong numbers across the board with EPDs for weaning weight in the top 10%, yearling weight top 20%, and she ranks in the top 10% for milk. Her model dam has two daughters active in the Peak Dot herd as well as a daughter working at Blackfoot Cattle Co.

LADY OF PEAK DOT 509R
maternal sister to lot 49

ERICA OF PEAK DOT 730T - Lot 50

There's something to be said for a cow who can year after year produce calves that rise to the top end of their pen. The dam of lot 50 Erica of Peak Dot 518K has a weaning index of 109 on her last six calves. She is also listed as a elite dam. She has produced bulls which sold to Pete McClintock, Iain Emslie, Unrau brothers and daughters which have sold to Caragata Ranch and to Davidsons at Ponteix.

ERICA OF PEAK DOT 404S

Peak Dot Ranch Heifers...

LASSIE OF PEAK DOT 703T - Lot 51

A wide based, roomy heifer. Her dam has a perfect udder and ha a weaning index of 109 on her last six calves. Lassie of Peak Dot 406J is an elite cow that has produced many feature bulls in past sales and a excellent Most Manted daughter at Breed Creek.

PEAK DOT STOCKMAN 3S
maternal brother to lot 51

MIA OF PEAK DOT 748T - Lot 52

A show and brood cow prospect. Maternal sisters have been featured in the 2006 and 2007 sales. Traces back to foundation cow Mia of Peak dot 72W.

MATERNAL SISTERS
TO LOT 52

DUCHESS OF PEAK DOT 708T - Lot 53

A big fleshy, healthy looking heifer that has EPDs that rank in the top 15% for milk. Her dam is a perfect uddered HF Walk-On 14C daughter.

LADY OF PEAK DOT 713T - Lot 54

A very correct heifer loaded with style and substance. Her feminine HF Walk-On 14C dam is also the mother of Peak Dot herd sire Peak Dot Hobson 57N. Granddam had a weaning ratio of 106 on her last 14 calves and raised the lot 1 heifer for both the 2004 and 2005 sale. A maternal sister to dam pictured on page 51.

SAV 004 CAPACITY 5234

BW +4.0
WWW +50
YW +97
MILK +23

The very first daughters of SAV CAPACITY 5234 to sell at public auction.

The \$20000 bull from the Schaff 2006 sale. This calving ease bull records a breed leading EPD portfolio and offers as much natural thickness and volume as any other Traveler 004 son to date. At weaning time in September, Carson and Terry picked Capacity as the best bull out of nearly 500 bulls. The day before the sale we went through the bulls again and Clay's number one pick was Capacity. Terry says, "This bull could be the best herd bull prospect I have ever seen. Wide in his pins, exceptional width in his quarter, clean sheath, excellent scrotal development, and gentle disposition." The powerhouse dam of Capacity recently sold for \$10000 in the 2008 SAV sale. This sale features the highly anticipated first calf crop of SAV Capacity 5234.

This heifer comes from a good line of producing cows. A maternal brother Peak Dot Hobson 74s was a feature in the 2007 sale. Her grandam Jessica of Peak Dot 501K is also the mother of feature bull lot 133.

PEAK DOT HOBSON 74S
 maternal brother to lot 77

An outstanding daughter of Predominant from a proven cow family. Dam has produced sisters that have sold to David Johnson and Six Mile Ranch. Last year a full brother sold to Packet Brothers.

Peak Dot Ranch Heifers...

BARBARA OF PEAK DOT 719T - Lot 79

High capacity, performance heifer with the makings of a power cow. She has a gentle disposition and is easy to work with. She has maternal sisters at Allenville and Weists and Peak Dot. Her dam is a donor cow at Peak Dot. A full brother was featured in 2004 and sold to Rod Williams.

BARBARA OF PEAK DOT 547K
Dam of Lot 79

BAMBI OF PEAK DOT 725T - Lot 80

A strong hipped thick heifer. She has two excellent maternal sisters in the Peak Dot herd.

ANNIE K OF PEAK DOT 805T - Lot 87

A real breeding piece. This Hobson heifer is off a never miss cow that has produced 2 bulls which have sold to Rick Keay, and one to Wayne Hughes. Double AA Annie K 631'01 has a weaning ratio of 106 on her last six calves, she is also an elite dam. She is a paternal sister to our new outcross herdsire Old Post who is now owned with Remington Cattle Company.

DUCHESS OF PEAK DOT 756T - Lot 88

DUCHESS OF PEAK DOT 502M
 Dam of lot 88

Lot 88 is a nicely put together heifer. Her dam is a donor cow at Peak Dot. A full brother sold to Joe Hildebrandt in the 2007 fall sale.

SAV AUTOGRAPH 5204

SUSIE OF PEAK DOT 728T - Lot 90

Lot 89 and lot 90 will be the very first heifers to sell from SAV Autograph 5204. This premier calving-ease bull by Traveler 004 from a Pathfinder dam by Bando 598 and granddam by EXT was selected by Peak Dot Ranch and Ring Creek as a \$30,000 feature of the 2006 SAV sale. Lot 89 and 90 are both off of first calf heifers, offering up the freshest genetics available at Peak Dot. Note the great granddam of lot 89 also has the lead off bull in this sale Peak Dot Predominant 701S lot 129.

The very first daughters of SAV Autograph 5204 to sell at public auction.

Peak Dot Ranch Heifers...

ANNIE K OF PEAK DOT 737T - Lot 93

A stunning heifer prospect loaded with style and substance to be a real contender, out of a outcross cow.

PRINCESS OF PEAK DOT 750T - Lot 94

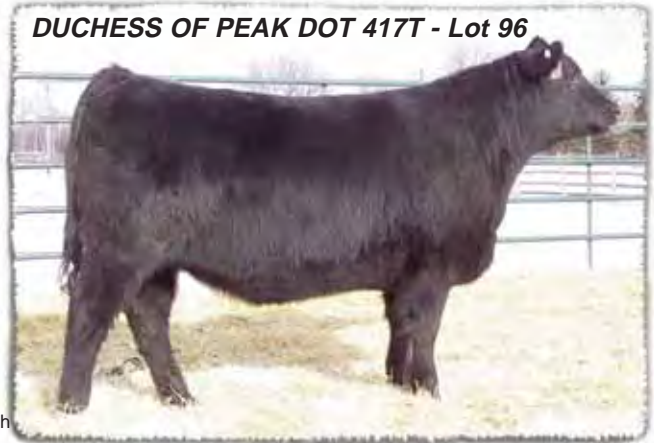

Clay's pick. This stout heifer's dam is a model cow that has a weaning index of 106 on her last 4 calves. She produced bulls that have sold to Jack Traynor, Al Tournier and Martin Devos. She is an Elite cow and her daughter Princess of Peak Dot 392J is a donor cow with progeny in this sale.

LADY OF PEAK DOT 729T - Lot 95

DUCHESS OF PEAK DOT 417T - Lot 96

Lot 95 and 96 are an even pair of Autograph heifers out of first calf heifers. These Autograph heifers should make some nice looking cows with their added length, depth, and dimension.

New Herdsire...

The Lot 1, \$39,000 top selling bull from the Mohnen Angus 2007 Production Sale at Platte, SD. sold to Peak Dot Ranch. We purchased this bull for his added performance, depth of body, doability and great scrotal development. He has an excellent disposition and is all black. Dynamite has a big stifle muscle, clean sheath, deep flank and a loose pliable hide like you would find on a good hereford bull. He is sired by Baldrige Kaboom a bull that consistently sires attractive, thick made cattle that are easy to look at with great feet and leg structure. Dynamites dam Mohnen Jilt 910 is solid black with an exceptional udder and long hip. She has generated over \$200000 in progeny in the last two years. She serves in the Mohnen embryo donor program. She is also the dam of Genex sire Mohnen Day Ahead 144 and Mohnen Pioneer 1945. This past summer they're was a delegation of breeders from Australia that spent 20 days touring angus herds in the United States. At the end of their tour they held a meeting- they listed Mohnen Jilt 910 as one of the top 5 cows they had seen. Dynamite was one of the most heavily used sires this past summer through AI as well as natural breeding at Peak Dot. Recently leased to Genex, Dynamite is becoming the new, most exciting young sire to hit the global semen market.

Peak Dot Ranch Fall Bulls...

PEAK DOT PREDOMINANT 701S - Lot 129

A big heavy powerhouse son of Predominant with a gentle disposition, robust thickness, muscle and style, sure to make him one of the top herd sire prospects to sell anywhere this year. He recorded a weaning weight of 825lbs and a weaning index of 111, he has EPDs that ranks in the top 4% for weaning weight and top 15% for yearling weight. Two maternal sisters are working in the Peak Dot herd. His dam is a moderate framed broody Rito 287 daughter that averages 20 transferable embryos per flush.

If you really want the influence of a great cow, the fastest and most efficient way is through her son.

A very attractive son of Predominant that displays depth of body, doability and a gentle disposition. His productive Bardolene dam is a complete outcross that traces back to Bardolene of Peak Dot 204R.

Peak Dot Ranch Fall Bulls...

PEAK DOT PREDOMINANT 704S - LOT 131

A full bodied son of Predominant that has EPDs that rank in the top 10% for weaning weight and top 20% for yearling weight.

PEAK DOT PREDOMINANT 720S - LOT 133

Lot 133 offers up as much spring of rib and fullness over his top as any bull in the sale. He ranks in the top 15% for weaning weight EPD. His maternal sister raised the feature Heifer lot 77.

PEAK DOT PREDOMINANT 716S - LOT 132

One of the best looking herd bull prospects to come out of the fall pen. A thick wide based bull with length and volume. His moderate sized dam has been an excellent producer. The sire of his dam Double AA Rito 206'97 was one of the best, most consistent breeding bulls we have ever seen.

PEAK DOT PREDOMINANT 731S - LOT 134

This bull is the result of the perfect mating of Predominant to Hobson. He has a yearling weight of 1347lbs and a milk EPD in the top 15% of the breed.

PEAK DOT PREDOMINANT 707S - LOT 173

SAV 004 PREDOMINANT 4438

"Predominant is not only a good bull but a great bull!"
Paul Hill, Champion Hill Angus and President of the American Angus Association.

LOT 173 Peak Dot Predominant 707S is the most solid, fault free bull in the sale. Correctness with a flashy style, big square butt, long stride, ideal muscle design are all phrases that describe Peak Dot Predominant 707S.

Peak Dot Ranch Yearling Bulls...

PEAK DOT HOBSON 75T - LOT 191

Hobson sons have been well received in past sales. When touring our pastures this summer, Lot 191 was an eye-catcher, and always deserved a second look. Big stout fella, should deliver pounds to any outfit.

HOBSON STEVENSON BRUNO 6371"

Hobson was the lot 1 bull and high selling bull out of the Stevenson-Basin 2001 sale to Peak Dot Ranch for \$16000(U.S.). He was the second highest actual weaning weight calf at Stevenson-Basin Ranch. He ranks in the top 1% for milk EPD. If you are looking to put some power, performance and punch into your herd while improving maternal traits, and scrotal size, Hobson hits the target.

Peak Dot Ranch Yearling Bulls...

Thank you to Remington Cattle Company

Remington Cattle Company are now partners on this exciting new Peak Dot out-cross sire. Old Post is the sire the breed so desperately needs, offering exciting outcross Canadian blood to the Angus gene pool. He is extremely good footed and correct, with a long wide back, and thick full hind quarters. A proven calving ease sire that will add pounds and dimension to his progeny. His dam is a moderate framed thick made easy fleshing daughter of Johnstone Bandolier 849E.

Old Post has generated a lot of interest and we have had many inquiries in a very short amount of time from some of the top AI studs, and progressive thinking angus breeders throughout the United States and Canada.

Old Post is currently being mated to some of the top producing cows at Peak Dot. We have also mated him and collected embryos from two of the very best straight Canadian outcross cows in our herd. He will see extensive use at Remington where he will be mated to many of the top Canadian outcross cows in the angus breed.

Old Post will be a name long remembered in the angus breed, and his first calves may be one of the most anticipated sire group to ever sell at public auction. Along with our new partners Remington Cattle Company we look forward to developing and promoting this sire's progeny who will have a huge impact on the entire angus industry in the years to come.

Thank you to Ring Creek Farm

Basin Prime Cut 354K the longtime well established Peak Dot Herdsire has been recently purchased by Pat and Len Friedel of Ring Creek Farm. Basin Prime cut 354K was one of the most popular herdsires ever at Peak Dot. He sired many top bulls that when on to purebred herds. His sons have been well received and are popular among the ranchers with their low birth weights and high weaning weights. His daughters were the most popular females in the 2001 spring sale with most of them selling to Ring Creek Farm. Prime Cut cows display beautiful udder quality and are some of the most productive cows in the Peak Dot and Ring Creek herds.

Just recently Bob Lane of England sold a son of Basin Prime Cut 354K out of DMM Miss Essence 7M in a production sale in England for \$64,000.

Pictured Pat Friedel of Ring Creek Farm. Along with his brother Len they own Ring Creek Farm. Ring Creek Farm is also partners on our new herdsires SAV Autograph 5204 and SAV004 Capacity 5234.

PROVEN GENETICS

SAV AUTOGRAPH 5204 BULLS... LOT 232 - TO LOT - 244

This pen of bulls is all sired by the \$30,000 premier calving-ease sire SAV Autograph 5204. He was used on virgin heifers very successfully at Peak Dot, Ring Creek and Schaffs with zero assistance reported. These bulls are all off of first calf heifers and are even from top to bottom. Some of the very best bulls will be discovered in this pen.

Peak Dot Ranch Yearling Bulls...

Peak Dot Predominant 92S

Peak Dot Predominant 92S Maternal brother to Lot 256

Peak Dot Predominant 92S will be a major player at Peak Dot Ranch to assist in breeding naturally thick, deep-ribbed, easy fleshing cattle that are easy to look at. An attractive herd sire with a wide back and low center of gravity. He earned an adjusted 205 day weight of 805lbs and a weaning index of 106. His dam Mia of Peak Dot 511K is an elite dam who has a weaning index of 107 on her last three calves. His maternal sister was one of the top selling heifers in the 2006 sale.

New Herdsire...

MOHNEN DYNAMITE 1356

The Lot 1, \$39,000 top selling bull from the Mohnen Angus 2007 Production Sale at Platte, SD. sold to Peak Dot Ranch. We purchased this bull for his added performance, depth of body, doability and great scrotal development. He has an excellent disposition and is all black .Dynamite has a big stifle muscle, clean sheath, deep flank and a loose pliable hide like you would find on a good hereford bull. He is sired by Baldrige Kaboom a bull that consistently sires attractive, thick made cattle that are easy to look at with great feet and leg structure. Dynamites dam Mohnen Jilt 910 is solid black with an exceptional udder and long hip. She has generated over \$100,000 in progeny in the last two years. She serves in the Mohnen embryo donor program. She is also the dam of Genex sire Mohnen Day Ahead 144 and Mohnen Pioneer 1945. This past summer they re was a delegation of breeders from Australia that spent 20 days touring angus herds in the United States. At the end of their tour they held a meeting- they listed Mohnen Jilt 910 as one of the top 5 cows they had seen. Dynamite was one of the most heavily used sires this past summer through AI as well as natural breeding at Peak Dot. Recently leased to Genex, Dynamite is becoming the new, most exciting young sire to hit the global semen market.
