or phone Carson Moneo 306-266-4414 for more information.

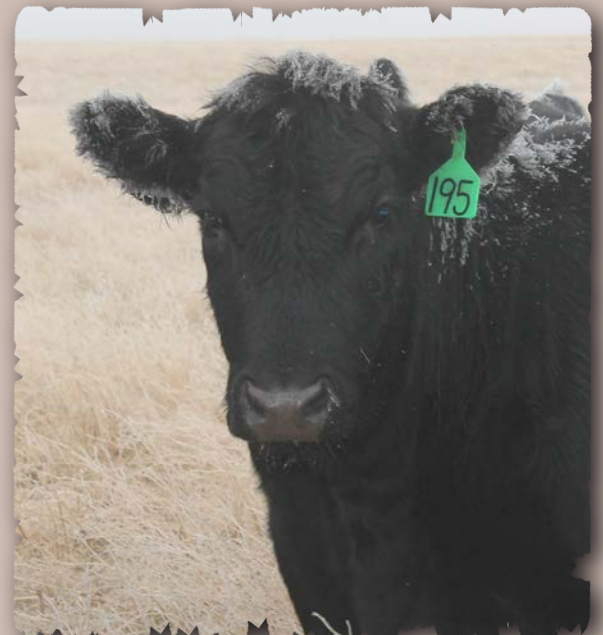

**PEAK DOT RANCH BRED HEIFERS**

250 Black Angus Heifers. These heifers were selected by Clay and Carson last spring from the 1500 heifers being developed at Hillcrest. They are very uniform in type and kind. We have them bred to the same calving ease Iron Mountain and Pioneer sons we used the year before. We had excellent reports from the buyers of the heifers on the calving ease from these bulls. The heifers we selected were more of the deeper sided, easy fleshing, stouter legged type.

Exposed to SAV Iron Mountain 8066 sons and SAV Pioneer 7301 sons from June 28th to August 25th..

For more information call Carson Moneo at 306-266-4414
